YouTube likes

8 as of Sep 17 (Analytics refresh pending): the grandmother Short 2, and 1 each on the oncologist, Doña Carmen, the Caguas mother, the pharmacist, Elena vs Rosa and episode 6.

How to read these numbers

- YouTube: 475 is the sum of the public per-video counters (the channel page shows 458; it updates more slowly). Public counters do not include Shorts-feed plays. YouTube Analytics counted 733 views through Sep 17; the API quota resets at 07:00 UTC and the Analytics figures, country split and comments are refreshed right after.
- OP3 reports with a one-day lag; the last day included is Sep 18. Episode 10 (Sep 16) shows 1 download so far.
- Spotify: read today from the creator dashboard. 1 new play since Sep 17 (39 to 40), on episode 8; episodes 9 and 10 have none there yet.
