How to read these numbers

- Feed downloads are measured by OP3 on the canonical feed since Aug 1 and arrive with a one-day lag: the last day included is September 26, 2026. Pandora and the Spotify app do not pull from the feed.
- YouTube Analytics is complete through September 25; the last two days are still being processed by YouTube.
- Spotify episode plays are 'since published' from the creator dashboard; no Spotify comments yet.
- Episode 13 (RFK Jr. visits the Vieques hospital) is being published today, September 28, and is not in these numbers.
- YouTube: Analytics views since launch, read today (476 on the public counters, which exclude Shorts-feed plays).
- Spotify: read today from the Spotify for Creators dashboard (all-time plays, followers, listeners in the last 30 days).
